MWR Logistics LLC (MWR) was established in 2015 and specializes in the management and coordination of logistics and project management in the commercial, philanthropic, and government environment. MWR's technical and content expertise includes logistics consulting and management and coordination, economic development, project management and community engagement.

LOGISTICS CONSULTING SERVICES

Logistics consulting includes helping businesses optimize their supply chain and logistics processes, enhance operational efficiency, reduce costs, improve customer satisfaction, and gain a competitive edge in the marketplace.

LOGISTICS

Logistics includes the management and coordination of the flow of goods, information, and resources between the point of origin and the point of consumption. It involves planning, implementing, and controlling various activities within the supply chain to ensure the efficient and effective movement of products or services.

PROJECT MANAGEMENT

Program and project management includes designing and managing professional meetings and community conversations. Meeting planning incorporates thought partnership, facilitation, provision of technical service, and full execution of logistical processes.
